

PIPELIFE

DWV

PipeLife Jetstream manufactures Drain Waste Vent (DWV) in plain end in sizes from 1 1/4" to 12". Our DWV pipes are manufactured under ASTM D-2665 and ASTM D-1785 where noted. PipeLife Jetstream DWV pipe is available in 10ft and 20ft lengths.

The primary purpose of PipeLife Jetstream DWV is used for interior building drainage systems. Our DWV meets the approval of FHA use of materials bulletin UM53, and NSF.

PipeLife Jetstream uses compound according to Class 12454 as prescribed in ASTM-1784.

Nominal Size	O.D	I.D.	Wall Thickness	WT. Per FT.
1 1/4	1.660	1.520	0.140	0.44
1 1/2	1.900	1.755	0.145	0.53
2	2.375	2.221	0.154	0.70
3	3.500	3.284	0.216	1.45
4	4.500	4.263	0.237	2.06
6	6.625	6.345	0.280	3.63
8	8.625	8.303	0.322	5.46
10	10.750	10.385	0.365	7.75
12	12.750	12.344	0.406	10.24
